Student's Word

NIC offers fun and truly effective Japanese language lessons at fees up to "**HALF**" that of other language schools. But don't take our word for it... Read below what students are saying about their experience with NIC.

Here's just a sample of what our students are saying:

Lara Martin (English teacher, age 36)

I came from England to live in Japan with my husband 9 years ago. I didn't really know what my level was because during my 9 years here I had picked up various Japanese words and phrases, but had never studied formally for any length of time. Anyway, I underwent a level check with **NIC**. It turned out I was a mixture of levels, so they designed a course to suit my needs exactly! And the lessons are great. I learn so much every time. **I REALLY RECOMMEND NIC!**

Ron Ellerson (Businessman, age 29)

My company in America sent me to work in Japan. My company had a contract with a company that provides Japanese teachers, so I started studying with them. But the teachers taught totally in Japanese, without using any English, and I couldn't understand at all. And every time I had a different teacher. After about ten classes I couldn't stand it anymore, and I contacted **NIC**. I have been very happy with all my **NIC** lessons. The preparation my **NIC** teacher puts into her lessons is incredible. She makes kanji cards and uses various pictures to help me understand. I am sure she must spend more time in preparation than she does in teaching me. **MY TWO HOUR LESSON IS ALWAYS SO MUCH FUN!**

Craig Frahm (Businessman, age 35)

I moved to Japan as a business expatriate accompanied by my wife, who is Japanese. I brought with me a strong desire to learn Japan's culture and language. I discovered there are hundreds of "recognized" Japanese language schools and sadly attended 3 different schools before finally discovering **NIC**. The other schools, all well-known, kept changing teachers on me, could not provide adequate English explanations and simply made learning Japanese feel like a second job. When I found **NIC** I could not believe how much cheaper their private classes were and how much fun I was having each lesson! My teacher is fantastic and my Japanese has dramatically improved. I've been with **NIC** for a year and a half now and **THANKS TO NIC, THERE IS NO NEED TO EVER LOOK ELSEWHERE!**
